## Over 100 attend MNR Moose Management meeting

MINDEN — More than 100 Haliburton County hunters and conservationists turned out on Thursday evening at the Community Centre, to hear about the Ministry of Natural Resources new moose and deer management programs to commence next year.

In the past 14 years, moose population in the Province has dropped from 20 percent in some areas to close to 50 percent in others, or an average of 35 since 1965.

The moose is a natural resource which is valuable in many ways to the people and seeing a moose in its natural surroundings is an unparalleled, thrilling experience and certainly a most important highlight of many opportunities that the province offers in outdoor recreation.

Hunting of moose is also important. In 1978, it contributed some \$51 million in economic benefits to the people of Ontario.

To ensure continuing recreational and economic benefits, the Ministry of Natural Resources (MNR) is considering new management practices. Before this revised program is adopted however, they would like to receive a response from those people interested in Ontario's moose resource.

MNR reps from three branches in the Algonquin Region were on hand with Mike Wilton of Fish and Wildlife, Huntsville, acting as MC. Also from Huntsville were Bob Stewart and Joe Pachie both biologists and from Minden, Don White district manager, Dave Atkinson district Fish and Wildlife, Wayne Wilson and Eric Mitchell also biologists.

The meeting was broken down into two parts, the first dealing with new deer management procedures for the future and the second was devoted to moose management. MNR presented films on what is happening now in an attempt to preserve our moose and deer and what they intend to do in 1980 if a \$1 million budget is forthcoming.

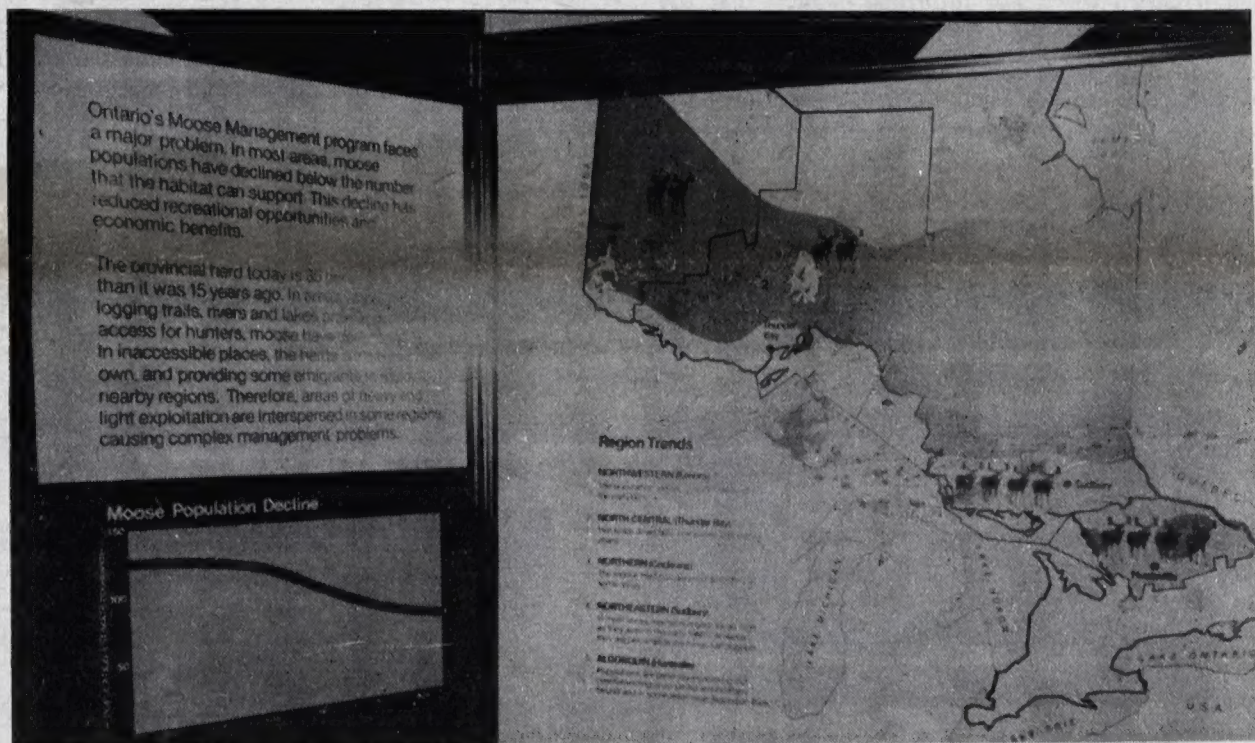

Some of the problems facing the Ministry in restoring both the moose and deer herds is the restoration of habitat, adjusting hunting season in certain areas, illegal killings, climate and natural mortality. Most of these can be improved upon and the ministry is presently creating deer yards to protect and enhance habitat for the future.

The provincial moose herd today is about 35% smaller than it was 15 years ago. In areas where roads, logging trails, rivers and lakes provide good access for hunters, moose have declined. In inaccessible places, the herds are holding their own, and providing some emigrants to restock nearby regions. Except for fly-in expeditions, few hunters walk more than five miles from their vehicles and therefore, areas of heavy and light exploitation are interspersed causing complex management problems.

MNR recognized the decline in moose numbers in 1973-74 and in an attempt to reduce the harvest in a way which was the least restrictive on the resident hunter, shortened seasons, between the rut and snowfall, combined with increased hunting fees for non-residents where introduced in 1975. Current data shows that this program has not been effective and a new approach to moose management is now essential.

Some of the possible solutions are: shortening the season again, moving seasons to later in the fall, and even closing the season for as many as three years.

Future programs of the MNR would increase the herds by 25 percent by 1985. As this population increases, the objective is to generally increase opportunities for the public at large to see a moose, provide viewing opportunities at specially selected

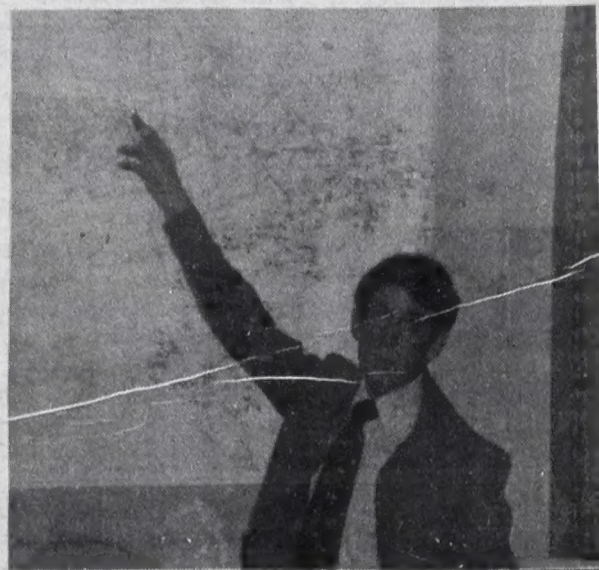

MINDEN — More than 100 concerned hunters turned out last Thursday evening to listen and comment on the Ministry of Natural Resources' proposed moose and deer management programs to be instituted in 1980. At right, an MNR Fish and Wildlife Supervisor from Huntsville, points out the areas in the Algonquin Region where these programs will be brought into effect. Most of the proposals met with approval of both the individual hunters and the hunt camp owners.

sites and allow more hunters to hunt the moose. Also with larger herds a hunter education program would allow MNR to institute an age-specific and sex-specific harvesting of moose to improve the health and productivity of the animals. However, this is for sometime in the future and for the moment, allowing the moose herds to recover is the immediate target.

## Photo school opens in Bancroft

The owner of Fotoshack in Bancroft, Mr. Mike Cwalino, in response to many enquiries from his customers, decided to open a school of photography here. Since none of the local schools could provide suitable facilities for teaching photography, Mr. Cwalino is converting the back of his store to accommodate a lecture room, studio and two well equipped darkrooms. Each darkroom will accommodate up to four students working at the same time and will be used as the headquarters of North Hastings Photographic Club which is sponsored by Fotoshack.

There will be two courses available, each in two parts, providing that sufficient interest is shown in them, and renovations are completed in time.

One course will be designed with the beginner in mind, and will concentrate on basic photography with simple cameras. The other course is more advanced for people who own 35mm cameras and will concentrate mainly on basic darkroom technique, but will also cover a fair amount of photographic theory as related to those cameras.

Full details on both courses are available at the Fotoshack outlet in Bancroft or phone 332-1050.

## STANHOPE NOTES

by Alex Stevenson

Acid rain fallout occupied a substantial part of the time spent by Haliburton County Council at the Nov. 21st meeting. Following the recent somewhat shocking report issued by a federal agency studying acid rain fallout, county council had requested that Dr. Linzon from the Ministry of Environment be present to discuss the subject.

Dr. Linzon who had spoken to council last June, stated that there was nothing different to what had been said on that occasion and in his opinion there was little cause for alarm. Regarding the federal report on acid rain fallout, it was his opinion that the papers or TV had by taking some statements out of context, produced scare headlines and there has been no damage to the forests and that little other harm has resulted. In reply to questions from deputy-reeve Elgin Stouffer re forest damage in the Sudbury area Dr. Linzon stated that this damage was the result of acid deposit during previous years. Mr. Stouffer wondered if this meant that the deposit was now going elsewhere due to dispersal from the new high chimneys being used to take it away from the Sudbury area.

Warden James Harrison questioned Dr. Linzon re the possible damage to Haliburton County waters resulting from acidified water flowing into Haliburton from the northerly adjoining watersheds. Mr. Ed Piche from the provincial environment ministry stated that there was no immediate threat to sport fishing but that this could change in five years. He was optimistic that remedial measures could be expected in two years and informed council that the tests of Haliburton waters produced safe readings.

Summing up, we believe that there was little comfort for concerned people in what was said at the meeting and pressure should be applied to keep the

### St. Paul's annual 'box sale' a success in Minden

On Friday afternoon in Minden, St. Paul's Church held their annual "box sale" which comes about as a result of miscellaneous items left over from their rummage sale held back in October. The box sale entitles anyone to

pick any of the left over items such as clothing, shoes, etc. for the small price of \$1.00 per box. Also coming up is St. Paul's bazaar and Christmas bake sale on Dec. 1st.

effort going forward and it can be best applied right from the grass roots.

Every Township, every property or cottage owners association, every concerned citizens group must try to keep abreast of the changing conditions of the waters, forests or land due to acid emissions and to maintain the pressure on governments and their agencies so that there can be no doubt about the concern and the temper of the people about this threat.

In Stanhope Township we have a population that cherishes the blessings that nature has provided, as well as being dependent on those same resources for a part of its economy.

### Hunting fatality brings charge under Game and Fish Act

MINDEN — Michael F. Irvine 26 of Wilberforce, the person who fired the alleged fatal shot that killed 21 year old Timothy Oram on Wednesday, November 7th, has been charged with careless hunting under the Game and Fish Act. Irvine will appear in Minden Provincial court on Dec. 11th.

Oram and Irvine were hunting in a cedar swamp about one kilometre southwest of Wilberforce when the incident occurred. The two men were separated when Irvine caught a glimpse of something white and fired one shot. Police report the bullet struck Oram on the left side and exited on the right, killing him instantly.

### MP's car a write-off in mishap

KINMOUNT — The son of Victoria-Haliburton MP Bill Scott was involved in an accident recently that resulted in his father's new car being totalled. OPP blame slush on the road for the mishap.

Officials say Guy D. Scott 23, of Kinmount, together with his father Bill, were westbound on Hwy. 503 east of Gooerham when the vehicle he was driving left the road, entered a south ditch and struck a rock cut.

No injuries were sustained by either Scott, but damage was estimated at \$7000 to the 1979 vehicle.

## Comedy of errors leads to 3 charges in 4 collisions

HALIBURTON — Within 15 minutes Sunday morning, between 1:30 am and 1:45 am, three pickup trucks and one car were involved in three separate but related collisions resulting in minor damages with three charges being laid.

Susanne M. Kay 20, of Haliburton had pulled into the Beaconbrook Hotel parking lot early Saturday evening and parked her pickup. A short time later, Deborah Faulkner of Toronto entered the lot and parked her car beside the Kay pickup.

At 1:30, Kay left the hotel with Thomas J. Little 31, of RR 2, Haliburton and drove out of the lot. However, on departure, Kay's pickup hooked the left rear corner of the Faulkner car dragging it 1.3 km south on Hwy. 519 before it stopped. But the car while being dragged down the highway struck an unknown pickup travelling north, which was also unknown to Kay at the time. Little, noticing that the pickup was driving sluggishly told Kay to pull into the Lakeview School parking lot and he would see if they had a flat tire. Upon seeing that they had another car hooked on behind, he disconnected it. Then the unknown driver of the pickup returned to where the Kay and Faulkner vehicles had stopped and started yelling at them for sideswiping his vehicle. However, when he heard the police were on the way, he quickly departed.

At this point, Little gets behind the wheel of the Kay truck and starts to leave, but without success. It seems a friend of the Faulkner woman, a John P. Gubser 31, of RR 2, Haliburton is out looking for her car when he spots it at the school. As he pulls up he sees the Kay pickup start to leave so he

## Medley Arcade broken into

HALIBURTON — Sometime between 10 a.m. Nov. 19th and 10 a.m. Nov. 20th, a window was broken at Medley's Arcade in Haliburton, causing \$10 in damage to gain entry to the premises.

Charged by OPP in the break, enter and theft of \$7.50 in change is Richard Wayne Shaw 29, of Haliburton. Shaw is presently lodged in the Lindsay jail according to the report with bail hearing set for Nov. 26th. PC Jim Solway.

## Mountain Lk woman wins draw

MINDEN — Stedman's Department Store here are pleased to announce that Mrs. Fern Donnelly of RR 2, Minden (Mountain Lake) was the lucky winner of the Sunbeam Food Processor in the lucky draw held at the recent open house, Monday, Nov. 19th.

Mrs. Donnelly's name was drawn by Miss Laura Pillsworth from some 200 entries in conjunction with a recent coupon book promotion in the Stedmans store.

pulls his 1978 pickup in front of it and gets run into. Little then drives away leaving Gubser with his pickup damaged for \$200 and the Faulkner car with damages of \$300.

After what must have taken some time to explain, OPP Constable Bob Pearson charged Kay with failing to remain at the scene of an accident, Little was charged with leaving the scene as well as careless driving. And, Police report they are still looking for the driver of the third pickup! Whoever said a policeman's life was an easy one?

## Hon. Tom Wells recently presented Canadian Red Cross with cheque to assist refugees

TORONTO — Intergovernmental Affairs Minister Tom Wells recently presented, on behalf of the Government of Ontario, a cheque for \$315,575 to the Ontario Division of the Canadian Red Cross to assist Southeast Asian refugees.

This fulfills a commitment made by Premier William Davis in July that Ontario would match, on a dollar-for-dollar basis, funds

raised in the province during the national campaign which was run by the Canadian Red Cross.

Funds raised by the Red Cross are being used to provide emergency relief to thousands of Vietnamese, Cambodian and Laotian refugees who are still living in overcrowded refugee camps in places like Hong Kong and Malaysia.

"This commitment is in

addition to the assistance being made available through the Ministry of Culture and Recreation to help establish the refugees who settle in Ontario," said Mr. Wells.

"We are most pleased to join with the Ontario Division of the Canadian Red Cross and with the many Ontario residents and organizations who have supported the refugee relief campaign," he said.

Tom Wells, Minister of Intergovernmental Affairs and M.P.P. for Scarborough North (left) is seen presenting a cheque for \$315,575 to Christopher Paterson, President of the Ontario Division of the Canadian Red Cross. The funds are the Ontario Government's contribution to the Red Cross campaign which is raising money to assist Southeast Asian refugees. (Photo John Easton)

## Haliburton's Elstone brilliant, shutsout Minden 3-0

MINDEN — Haliburton's Pinestone Inn midgets ran their seasons unbeaten record to 7-0 on Saturday afternoon in the Centre, downing previously unbeaten Minden Walker Lumber midgets 3-0.

The Minden boys had won three of their first four games, tied the other and had handled their opposition smartly until this game with Haliburton. Although they were missing three players from their lineup, it is very unlikely that they would have beaten Haliburton anyway, as goaltender Dave El-

stone was spectacular for Haliburton. He stopped everything Minden shot his way and in the third he stood the Minden boys on their ears with one brilliant stop after another. He brought the crowd to its feet on at least four occasions during a Minden two-man advantage situation late in the game. First making an unbelievable stop on Shawn Chapman, then Ivan Ingram, Ronnie Yake and Chapman again plus three or four screaming shots from the point from Dave Lennie, Bret Austin and Greg Austin.

Haliburton opened the scoring at 5:35 of the second period when Duff Mitchell took a pass from Paul Madden and beat Minden netminder Terry Crowe with an in-close wrist shot. Robb Abbs drew an assist. Then at 10:43, Dave Nichols teamed up

with Glen Evans to put the Pinestone team up 2-0. Just over two minutes later, Haliburton put the game out of reach on a goal by Daren McInnis, assisted by Tony Scheffee. This was the prettiest goal of the game, with Scheffee breaking down the wing and sent a perfect pass to McInnis who broke through the Minden defence, deked Crowe to the left and tucked the puck into the right side of the net.

Last Thursday evening in Bobcaygeon, the midgets won their third game of the season with a 6-1.

Shawn Chapman led the Minden attack with two goals while singles went to Ronnie Yake, Ivan Ingram, Dave Kennie and Kevin Shapiera. Lonnie Woodcock spoiled goalie Terry Crowe's shutout late in the third period.

## Minden Novices win 6-2,

### Stevenson nets hat trick

MINDEN — Saturday afternoon at the Centre, the Novices came out with a vengeance against arch-rivals Haliburton and won 6-2. Led by the three goal performance of Sheldon Stevenson, Minden was never threatened. Stevenson opened the scoring then Joey Boyle from Jeff Francis, Stevenson again from Boyle, Francis unassisted and Scott Russell giving Minden a 5-0 lead. Haliburton then cut the lead to 5-2 with goals by Dean Bronson and John Vuksic. In the third, Stevenson completed his hat trick.

Haliburton evened their days effort in Minden in their next contest shutting out the locals 4-0. Peter Goulet scored in the first period from Eric Nichols who upped the score to 2-0 early in the second from Goulet and John Van Der Hoerst on the powerplay. Darryl Goodall put Haliburton ahead before the period ended scoring a shorthanded goal, assisted by Sean Whitfield. Goulet rounded out the score in the third, unassisted.

It was then the Minden Bantams turn to take to the ice and they wish they hadn't. Losing 3-1 to Little Britain to end their modest two game winning streak.

LB got three goals from Dave Thomson while Minden averted a shutout, when Andrew Shapiera scored on a pass from Eldon Bull. Referee Larry Card handed out 56 minutes in penalties including a major to each team, a match penalty to LB and two game misconducts to Minden.

The Tri County bantams took it on the chin again this weekend, dropping a 22-2 drubbing at the hands of the Beaverton boys. Scott Danilko and Kevin Forbes scored the Minden goals.

Minden Peewees also had a bad time of it last week, dropping a 4-2 decision to Haliburton at the Centre Thursday evening and on Saturday in Fenelon they were eliminated from the annual Fenelon Peeewe tournament in two games, winning their opener 2-1 over Port Perry and then dropping the second 3-0 to Fenelon.

Against Haliburton, Mike Gorveatt opened the scoring from Minden at 2:46 assisted by Jeff Howe and Paul Allore. Haliburton tied the game at 7:38 of the second on an unassisted goal by Corey McKnight. The visitors then took the lead at the nine second mark of the third when Chris LaPorte scored from Tran LaRue who then put Haliburton ahead for good. Paul Walker got the final goal of the game from Gorveatt and Greg Newell on the powerplay.

In the Fenelon tournament, Paul Walker and Jeff Howe scored in the win over Port Perry.

## When we shop Canadian, Canada makes it.

When we shop Canadian, it's more than a good idea. It's a great investment in our country's future. Every time Canadians buy their own products, they give Canadians work. Right here in Ontario, manufacturing industries employ about one million people. That's 25% of all the jobs in Ontario.

When we shop Canadian, we strengthen the economy of our province and our country.

By purchasing products that say "Made in Canada", we're developing and maintaining the industrial strengths we need to compete in world-wide markets.

And we're helping ourselves right here at home by strengthening Ontario's resources and assuring our future growth.

So the next time you're buying something, look for the symbol that says "Made in Canada".

Ron Reid gets a bird's eye view of his rock, which was just a little heavy, the sweepers Herb Gill and an unidentified curler, watch as it heads for the house. Reid, a sub for the Jackson rink, helped the rink to a 9-4 win over Doug Cross.

Jim Garbutt and Ev Rudd sweep a rock to the house thrown by lead of the Bob Austin rink, Al Mayo. Austin beat Don Blakey 8-3.

## John Barkwell nets 5 goals, Home crushes Hotel 13-4

MINDEN — The battle for first place in the men's recreational hockey league on Monday evening at the centre was no contest as John Barkwell and his mates crushed previously unbeaten Rockcliffe Hotel 13-4. Led by the five goal performance of Barkwell, the Hardware boys were never in trouble. Two goal performances went to Paul Cummings, Mark Derry and Kevin Newell, while singles were scored by Dave Dollo and Dave Hartwick. The Rockcliffe got goals from Larry Sawyer, Bill Leary, Don McElwain and Wayne Hutchinson.

The game between the two losers to date in the recreational league proved to be the best game of the evening, with Hartwick and Hall Insurance tying at five. Hartwick scored three times for his team while Harris Steele had two. For Flyod Hall, Steve Harper had the hat trick with singles going to Barry Shaw and Don Hall.

## Manvers wins 4-1 over Juv. 2

The Minden Juvenile 2 team took on Manvers at the Community Centre Sunday evening and for two periods played their visitors to a standstill. However in the third, conditioning proved to be in the favor of Manvers as they walked off with a 4-1 win.

Cam Monk put Mindén ahead at the 14:50 mark of the first assisted by Carl Briscoe. Manvers tied it at one when Scott Naylor scored at 11:54 of the second. Then the third period saw Manvers score at 4:49 by Harvey Hamilton, 12:44 by Kevin Nesbitt and finally Shane Proger at 13:36.

The game was a very fast paced affair with Minden coming up with a superb effort. However, the lack of scoring punch hurt them in the end.

Dollo's IGA Juveniles also played on Sunday evening in Ops and won going away 5-2, for their 7th win in nine tries this season. Tim Davies and Greg Carpenter each scored two while Corey Walker had one goal.

## Dollo's IGA juveniles blank Woodville 3-0, edge Ops 4-1

MINDEN — Dollo's IGA Juvenile Monarchs have won four games in a row over the past two weeks and now sit in first place with a record of six wins and two losses.

On Tuesday evening in Woodville, the juveniles blanked their hosts 3-0 behind the fine play of Duane Lennie. Dave Shapiera, Roger Hicks and Shawn Silvers scored for Minden.

At the Centre on Friday, the Monarch's took on a very chippy Ops squad and won, going away 4-1.

The first period was a well played 15 minutes, with Corey Walker opening the scoring for the locals at 4:07 unassisted. Then at 8:25 Shawn Silvers scored from Garry Harrison and Greg Carpenter to put Minden ahead 2-0.

In the second, both teams decided to do some head hunting and referees Parrish and Brohman handed out 72 minutes in minors, four majors and three game misconducts, two to Ops. The only goal went to Ops when Carl Blay scored at 7:23.

In the third period Kim Hamilton cashed a rebound while Minden had the powerplay, assisted by Harrison and Walker at 6:06. Then at 14:28 Shapiera scored what proved to be the final goal of the game, unassisted.

Minden goalie Bailey Hamilton, although shaky in spots during the game, came up with the big stop when his team needed it.

# WINTARIO. THE NAME'S THE SAME BUT IT'S A GREAT NEW GAME.

Here's how to play your ticket and follow the draws every Thursday night.

Now Wintario goes weekly. With a new 6-digit ticket\* that's a lot more fun to play. With more ways to win. With more prizes — 165,972\*\* of them every week. Including 15 grand prizes — 3 of \$100,000 and 12 of \$25,000.\*\*

And **nine** exciting new draws instead of six, every Thursday night live on TV.

### FIRST DRAW — 4 WAYS TO WIN \$10.

The first draw is for a 3-digit number. And if **any** 3 consecutive digits in your ticket number match the number drawn, you're a winner. For example, if your ticket number is 123456, you would win if 123, 234, 345 or 456 were drawn.

That's 4 separate chances at 12,000 — \$10 prizes in the 1st draw every Thursday.\*\*

### SECOND DRAW — 3 WAYS TO WIN \$100.

The second draw is a 4-digit number. And if **any** 4 consecutive digits in your ticket number match the number drawn, you're a winner. For example, if you hold ticket number 123456, you would win if 1234, 2345 or 3456 were drawn.

900 — \$100 prizes in the 2nd draw every Thursday.\*\*

### THIRD DRAW — 2 WAYS TO WIN \$1,000.

The third draw is a 5-digit number. And if 5 consecutive digits in your ticket number match the number drawn, you're a winner. For example, if your ticket number is 123456, you would win if either 12345 or 23456 were drawn.

60 — \$1,000 prizes every Thursday.\*\*

\*Tickets issued in blocks of one million each numbered from 000000 to 999999. No series number.

\*\*Based on three million tickets issued.

### FOURTH, FIFTH, SIXTH & SEVENTH DRAWS — FOR \$25,000 GRAND PRIZES.

The next four draws are 6-digit numbers, each of them worth \$25,000 if your ticket number matches the number drawn. No subsidiary prizes in these draws.

12 — \$25,000 prizes every Thursday.\*\*

### EIGHTH DRAW FOR \$100,000 GRAND PRIZES PLUS MANY MORE CASH PRIZES.

The eighth draw for the First Grand Prizes is also a 6-digit number. If your ticket number matches the number drawn, you win one of the three \$100,000 First Grand Prizes.\*\*

And for this draw only, if the last five digits on your ticket correspond to those of the winning ticket number, you win \$5,000. Match the last four and you win \$100. And if you have the last three correct, you win \$10. 3 — \$100,000 prizes, 27 — \$5,000 prizes, 270 — \$100 prizes and 2,700 — \$10 prizes in the Eighth Draw every Thursday.\*\*

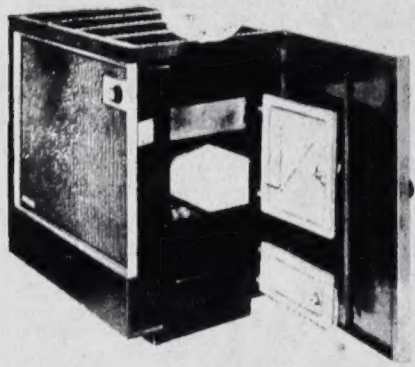

### NINTH DRAW — 5 WAYS TO WIN A WIN/FALL PRIZE.

The Win/fall draw is a 2-digit number. And if **any** 2 consecutive digits in your ticket number match the number drawn, you win a free book of Wintario tickets on the next draw worth \$5. For example, if your ticket number is 123456, you would win with 12, 23, 34, 45 or 56. 150,000 Win/fall Prizes every Thursday.\*\*

## On Sports

BY JOHN DALTON

What kind of decade has it been for college basketball?

In the 1970s, the tempo, intensity and excitement of college basketball seem to have gained increasing approval from the sports-minded public.

The game drew more than 30 million fans last season — a record. The last seven NCAA title games got the seven highest TV ratings ever for basketball.

Division I has a total of 261 teams, a hike of 68 over a 10-year period.

The fact that six different teams have won the NCAA title during the past six seasons indicates the competitive balance. For 1980, the tournament is expanding by eight teams to a total of 48. It invited only 26 in 1974.

Rules makers, understandably, have generally left the game alone in the last few years. Popular adjustments: the return of the dunk shot and the elimination of free throws until a team's seventh foul each half.

The expansion of the major division hasn't diluted the talent. In 1979, all-time shooting percentage highs were reached in field goals (.477) and free throws (.697). Proposals for a 30-second clock have been defeated.

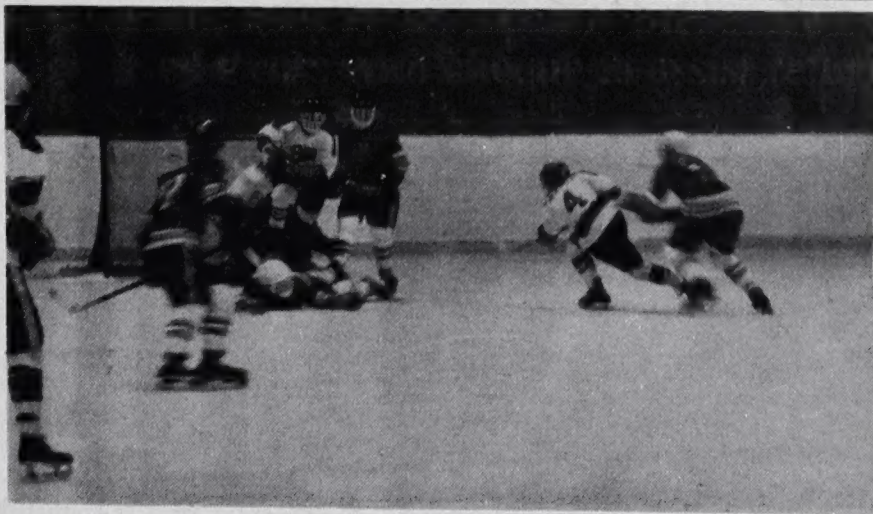

Over the decade of the 1970s, UCLA led the way with 12 first-team All-America selections (for eight different players), Indiana had 4; Notre Dame, 4; North Carolina, 3; Marquette, 3; and North Carolina State, 3.

Kansas, in 1911, was the first state to adopt a blue-sky law regulating security dealings that "had no more basis than so many feet of blue sky."

### Juveniles down Ops 4-1

**MINDEN** — Action was fast, furious and rough at the Community Centre on Friday evening as hockey fans witnessed the sixth victory of the season for the Dollo IGA Juveniles against two defeats, when they downed Ops 4-1. The game was marred somewhat by 76 minutes in penalties, including four majors, a misconduct and three game misconducts.

Fifty-one teams had at least one player named to an All-America squad.

Only seven players have made consensus All-America three times since that classification was initiated in 1948. Three of the seven played in the 1970s.

Stars of the decade: North Carolina State's David Thompson (1973-74-75), UCLA's Bill Walton (1972-73-74) and LSU's Pete Maravich (1968-69-70).

Twelve players of the 1970s made consensus all-America twice. Niagara's Calvin Murphy and Purdue's Rick Mount finished in 1970.

The others: Long Beach State's Ed Ratleff (1972-73), Southwestern Louisiana's Dwight Lamar (1972-73), UCLA's Keith Wilkes (1973-74), Maryland's John Lucas (1975-76), Indiana's Scott May (1975-76), Indiana's Kent Benson (1976-77), North Carolina's Phil Ford (1977-78), Notre Dame's Adrian Dantley (1975-76), UCLA's David Greenwood (1978-79) and Indiana State's Larry Bird (1978-79).

All four top career record-holders played in the 1970s — Maravich in scoring at 44.2 points per game; Jacksonville's Artis Gilmore in rebounding at 22.7 per

game; West Chester State's Joe Senser in field-goal accuracy at .662 percent; and Southern Illinois' Greg Starnick in free-throw accuracy at .909.

But what about below No. 1? Well, six of the all-time top 10 players in scoring average, six of 10 in field-goal accuracy, five of 10 in free-throw accuracy and three of 10 in rebounding played in the 1970s.

### Sports View

JO JO STARBUCK, ice skating star, hugs Kobot, the robot. The 90-pound device — to be used as a 1980 Winter Olympics good-will ambassador — can walk, talk, sing, dance ... even ice skate. It was developed for the Coca-Cola Co.

## Mainstream... Canada

### Fighting the wrong war?

By Jean Lachance

The world is changing so fast, it's hard to come to grips with it on a day to day basis.

Besides, what can you and I do about inflation, high interest rates, and chronic unemployment? Not very much.

I suppose we can listen to the government when it tells us to "Buy Canadian" to help keep jobs for Canadians. Or we can listen to the Governor of the Bank of Canada when he tells us that high interest rates are necessary to "wrestle inflation to the ground."

Jean Lachance is Public Affairs Officer for the Canadian Federation of Independent Business

So we listen. But who is the government listening to? Where do the mandarins take their advice from to draft our overall economic policies?

Take job creation for instance. According to a study conducted by the Canadian Federation of Independent Business, small and medium-sized businesses with fewer than 20 employees created an astounding 59% of all new jobs in this country between 1971 and 1977, while accounting for only 30% of total employment.

In the U.S., a recent study by the prestigious Massachusetts Institute of Technology conforms with the Canadian experience: 66% of new jobs created between 1969 and 1976 were generated by firms with fewer than 20 employees.

Japan, the economic and industrial miracle, has released authoritative statistics showing that between 1970 and 1977 firms with fewer than 30 employees accounted for 58% of new jobs in the country although this sector represented only 38% of all jobs in the country.

Yet, our governments seem to cling to the basic tenets of neo-classical economic theories of "economies of scale" on the basis that productivity is a direct function of size.

In the light of staggering increases in transportation and energy costs, how long will it be before the concentration of business activity in larger and larger units becomes counterproductive in economic terms?

## Ask Alma

Dear Alma:

Let me tell you what happened at a board meeting last night. My husband, George, was the only one who voted against a motion. The vote was 22 to 1. He was disappointed, but the majority rules, and that's life.

However, another motion followed to have the record show that the previous motion was unanimously approved. George objected bitterly.

The parliamentarian ruled that according to Robert's Rules, the motion was in order. It passed with one vote in opposition.

Do you know parliamentary procedure? Is that prop-

er? Doesn't sound fair to me. — Jessy.

Dear Jessy:

Research on your question proved very interesting. I discovered that there are groups of professional parliamentarians whose members can be paid to attend and advise at a meeting or settle disputes over past rulings.

The ruling here was that no assembly can take away a member's right to vote. This is exactly what the second motion accomplished, and therefore it was, indeed, out of order. Also, some further clarification: The par-

liamentarian advises at a meeting and does not rule. The chair rules.

If George wants to appeal the ruling, "Robert's Rules of Order," by General Henry M. Roberts, has specific provisions for him to do so. Pick up a copy at the library. It should be present at every meeting anyway.

HAVE A QUESTION OR A PROBLEM? Write to ASK ALMA, P.O. Box 43, Closter, NJ 07624 and watch for the answer in this column.
